MINT GLOBAL MARKETS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1 - ORGANIZATION

Mint Global Markets, Inc. ("the Company"), formerly Stock USA Execution Services, was incorporated in the state of the New York in 1999. During 2001, the Company received authorization to engage in the business of performing security transactions for investors and businesses (clients) as a securities broker-dealer. The Company is a member of Financial Industry Regulatory Authority ("FINRA"), and is registered with the Securities and Exchange Commission ("SEC"). The Company also allows its clients access to use any of its registered representatives to complete security transactions or directly complete any security transaction on line. The Company operates as an introducing broker through its clearing brokers, Cor Clearing and Electronic Transaction Clearing, Inc. on a fully disclosed basis.

The Company does not hold funds or securities for, or owes any money or securities to customers and does not carry accounts of, or for customers. Customers send money directly to the clearing organization for deposit into the Company's accounts. The Company collects commission fees for its services to its customers. The Company is currently registered to do business in many states.

NOTE 2 -

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which involve the application of accrual accounting; accordingly, the financial statements reflect all material receivable, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash and cash equivalents.

MINT GLOBAL MARKETS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Commissions Receivable

Commissions receivable are initially recorded at fair value upon the completion of services to the customers and are stated net of an allowance for uncollectible accounts which represents estimated losses resulting from the inability of customers to make the required payments. When determining the allowance for uncollectible accounts, the Company takes several factors into consideration including the overall composition of accounts receivable aging, historical collection experience, current trends, the type of customer and its day-to-day knowledge of specific customers. Estimated losses resulting from uncollectible accounts are recorded as the provision for doubtful accounts which is included in general and administrative expenses. At December 31, 2018, commissions receivable is net of an allowance for uncollectible accounts of \$80,762.

Rebates Receivable

Rebates receivable represent amounts due from various exchanges based on the volume of trades generated by the Company's clients.

Property and Equipment, Net

Property and equipment are stated at cost, less accumulated depreciation and amortization. The costs of additions and improvements are capitalized and expenditures for repairs and maintenance are expensed as incurred. Fully depreciated assets are retained in property and depreciation accounts until they are removed from service. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation and amortization are removed from the accounts and the resulting gains or losses are included in operations. Depreciation of property and equipment is accounted for on the straight-line method over the estimated useful lives of the assets. Amortization of leasehold improvements is calculated by the straight-line method over the shorter of the term of the related lease or the useful lives of the improvements.

Impairment of Long-Lived Assets

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 360, long-lived assets, including property and equipment and intangible assets subject to amortization are reviewed for impairment and written down to fair value whenever events or changes in circumstances indicate the carrying amount may not be recoverable through future undiscounted cash flows. An impairment loss is measured as the amount by which the carrying amount of a long-lived asset exceeds its fair value. At December 31, 2018, Management believes no impairment write down is necessary.

MINT GLOBAL MARKETS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Due to Brokers

The Company clears all of its brokerage transactions through two broker-dealers on a fully disclosed basis. Due to broker relates to obligations to the Company's brokers from a compilation of all securities activities.

Revenue Recognition

Effective January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers (ASC, Topic 606). The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. The guidance requires an entity to follow a five-step model to (a) identify the contract with a customer; (b) identify the performance obligations in the contract; (c) determine the transaction price; (d) allocate the transaction price to the performance obligations in the contract; and (e) recognize revenue when, or as, the Company satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The Company applied the modified retrospective method of adoption which resulted in no adjustment to retained earnings as of January 1, 2018. The new revenue recognition guidance does not apply to revenue associated with financial instruments and interest income.

Commission income is recognized on a trade date basis as security transactions occur and consists of contractual commission percentages. Other income includes subscription fees for usage of the company's web based trading platform. Related clearing expenses are also recognized on a trade date basis as security transactions occur

Income Taxes

The Company has elected to have its income taxed under Section 1362 (Subchapter S) of the Internal Revenue Code of 1986 and applicable state statutes, which provide that in lieu of corporate income taxes, the shareholder include his proportionate share of the Company's taxable income or loss on his individual income tax returns. Accordingly, no provision for federal or regular state income taxes is reflected in the financial statements. However, the Company is subject to various minimum state filing fees for which provisions have been made.

The stockholder of the Company has concluded that the Company is a pass-through entity and there are no uncertain tax positions that would require recognition in the financial statements. If the Company was to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. The stockholder conclusion regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analyses of tax laws, regulations and interpretations thereof as well as other factors. Generally, federal and state authorities may examine the Company's tax returns for three years from the date of filing; consequently, the respective tax returns for years prior to 2015 are no longer subject to examination by tax authorities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Advertising Costs

In accordance with FASB ASC 720 "Other Expenses", advertising costs of **\$156,598** were expensed as incurred for the year ended December 31, 2018.

Recent Accounting Pronouncement

In February 2016, the FASB issued updated guidance on leases which, for operating leases, requires a lessee to recognize a right-of-use asset and a lease liability, initially measured at the present value of the lease payments, in its balance sheet. The standard also requires a lessee to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term, on a generally straight-line basis. The guidance is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years, with earlier application permitted. We are currently evaluating the effects of adoption and have not yet determined the impact the revised guidance will have on our financial statements and related disclosures.

Subsequent Events

Management has evaluated subsequent events or transactions through February 27, 2019, the date which the financial statements were available to be issued.

NOTE 3 -**BROKERAGE ACTIVITIES**

All transactions for the Company's customers are cleared through a carrying broker-dealer (the "clearing firm") on a fully disclosed basis. Accordingly, open customer transactions are not reflected in the accompanying financial statements. The Company is exposed to credit losses in the event customers fail to satisfy their obligations in connection with their securities transactions. As of December 31, 2018, customer obligations to the clearing firm were collateralized by cash and securities with a market value in excess of their obligations.

Board of Directors and Stockholders of

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and with the SPIC Series 600 Rules, we have performed the procedures enumerated below, which were agreed to by Mint Global Markets, Inc. and the Securities Investor Protection Corporation (SIPC) with respect to the accompanying General Assessment and Reconciliation (Form SIPC-7) of Mint Global Markets, Inc. for the year ended December 31, 2018, solely to assist you and SIPC in evaluating Mint Global Markets, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Mint Global Markets, Inc.'s management is responsible for Mint Global Markets, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the Public Company Accounting Oversight Board (United States). The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1) Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences;
- 2) Compared the total revenue amount reported on the Annual Audit Report Form X-17A-5 Part III (Focus Report) for the year ended December 31, 2018, with the total revenue amount reported in Form SIPC-7 for the year ended December 31, 2018, noting no differences;
- 3) Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers for deducted commissions and clearance paid to other SIPC members, noting no differences;
- 4) Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences; and
- 5) Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the applicable instructions of the Form SIPC-7. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
